

SnatchNGrab.com

Snatch N Grab is a site that allows you to purchase items on the go. Any sort of item you need late at night, just load up Snatch N Grab to order and it will be at your doorstep in an hour.

Snatch N Grab is a convenience website. Let's say for example, it's late at night and you go to make a sandwich but there's no bread. Just load up Snatch N Grab and order some bread to be there within the hour. This site is made to be a convenience factor for our customers. They place an order of whatever common household item they need, and it shows up. This is designed to be in competition with other similar platforms.
